Pr Pietro SANTULLI, M.D., Ph.D.

Department of Obstetrics and Gynecology II
and Reproductive Medicine,
Cochin University Hospital, University Paris Cité, Paris, France.
RPPS : 10100174142
Email: pietro.santulli@aphp.fr

Graduated from Paris Descartes University, Faculty of Medicine, Dr. Pietro Santulli obtained his MD in Obstetrics and Gynecology in 2010 and a PhD in Basic Sciences in 2013. He was appointed Associate Professor in 2014 and promoted to Full Professor in Paris in 2018.

Currently, he serves as the Clinical and Scientific Director of the Reproductive Medicine Unit within the department led by Prof. Charles Chapron at Cochin University Hospital, Paris.

His main research interests include:

- Basic research on the molecular, immunologic, and inflammatory mechanisms underlying endometriosis, adenomyosis, and related infertility.
- Clinical research on the assessment and management (medical and/or surgical) of endometriosis-related infertility.
- Clinical research on infertility-related gynecologic surgery and assisted reproductive technologies (ART).

In addition, he is the Director of two University Diploma Programs at Université Paris Cité, one in Fertility and Assisted Reproductive Technology (ART) and the other in Endometriosis and Adenomyosis, and has supervised numerous medical theses.

Dr. Santulli has published 210 original articles in peer-reviewed scientific journals and contributed to several book chapters. His work has been cited 12,000 times, with an h-index of 57.
