BIOGRAPHY

Dr Mukhri Hamdan is a professor of Obstetrics and Gynaecology with a subspecialist in reproductive medicine. He works as an O&G consultant at Universiti Malaya Medical (UMMC) and Specialist Centre (UMSC). He is the Head of the O&G Department in the Faculty of Medicine, Universiti Malaya and also the Vice President for the College of Obstetrics and Gynecology, Academy of Medicine Malaysia. He sits on the National Obstetrics & Gynaecology and Reproductive Medicine subspecialty evaluation committee for the Malaysian Medical Council (MMC). He is actively involved in the Advisory and Coordinating Committee for Reproductive Health (Subfertility) for LPPKN.

He holds a PhD from the University of Southampton UK in reproductive sciences (Endometriosis) and also a clinical master in Obstetrics and Gynaecology (MOBGyn) from the University Malaya. He was trained locally and in the United Kingdom hospitals. After he completed his clinical master, he joined Complete Fertility Southampton, United Kingdom and gained advanced training in infertility. He is certified by British Fertility Society (BFS) to perform embryo transfer (IVF/ET) and intrauterine insemination (IUI).

Dr. Mukhri has been a keen researcher in the field of reproduction. He has presented his work in many international meetings and has published them in high-impact academic journals in various aspects of the endometriosis field. He has also been actively involved in writing up the National Curriculum for O&G. He speaks regularly in local and international congresses and is currently elected as the council member for the College of Obstetrics and Gynaecology, Academy of Medicine Malaysia. He has the vision to improve the quality of training both in O&G and reproductive medicine training.
